Trans-Siberian Gold plc
("TSG", the "Company" or the "Group")
Senior Management Appointment

Trans-Siberian Gold plc (TSG.LN), a low cost, high grade gold producer in Russia, is pleased to announce the appointment of Evgeny Volkov as Mine Manager of the Asacha mine in South Kamchatka, with immediate effect.

Mr Volkov has over 20 years of experience working in the mining industry, most recently as Mine Director at Nordgold's Zun-Khloba mine in Republic of Buryatiya, where Evgeny was responsible for developing and implementing the underground mining strategy, geotechnical control and mine production, people management and budget planning, amongst others. Prior to that, Mr Volkov spent eighteen years working at the iron ore subsidiary of Evraz, lately as Chief Engineer and Technical Director.

Mr Volkov, aged 42, holds a degree in Mining Engineering (Underground) and a degree in Mineral Processing Technology Engineering from the Siberian State Industrial University.

Alexander Dorogov, Chief Executive Officer of TSG, commented:

"We are delighted to announce Evgeny's appointment as Mine Manager of our flagship Asacha asset. Having worked for a number of large scale and highly regarded mining companies, Evgeny brings with him a strong track record of operational and health and safety best practise. We look forward to working with him and continuing to exploit the exciting opportunity that Asacha presents."

Disclaimer

This announcement contains "forward-looking statements" - that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets, fluctuations in interest and/or exchange rates and metal prices; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different that those expressed in our forward-

looking statements.
